

ASMITE FOUNDATION

Annual Report 2025-2026

PREFACE

Dr. Riyaz Sagar
Founder Executive Director

Dr. Sachin B. S.
Director

It is our privilege to present the Annual Report of ASMITÉ FOUNDATION for the period 2025-25. Established on 4 May 2024, ASMITÉ FOUNDATION is a Section 8 Company and is proudly serving communities in its second year of operation. During this reporting period, the Foundation strengthened its commitment to preventive healthcare by implementing cancer screening camps and anti-tobacco awareness programmes across Uttara Kannada and neighbouring districts of Karnataka.

With a focus on early cancer detection, health awareness, and community empowerment, our initiatives reached thousands of beneficiaries, particularly women, youth, students, and rural communities. These programmes were implemented with the support of Indian Cancer Society, Bangalore, and in collaboration with local institutions and community stakeholders.

This report highlights our key achievements, programme outcomes, and the collective efforts of our dedicated team, volunteers, partners, and community members. We sincerely thank everyone who has supported our mission and look forward to expanding our impact in the years ahead.

ABOUT ASMITE FOUNDATION

ASMITE FOUNDATION is a Section 8 registered Company working towards implementing diverse social development initiatives in accordance with Schedule VII of the Companies Act, 2013.

Having successfully completed two years of dedicated service since its establishment on 4 May 2024, the Foundation has steadily expanded its impact through meaningful interventions in healthcare, education, environmental sustainability, skill development, community development, women empowerment, disaster relief, and institutional strengthening. During these two years, ASMITE FOUNDATION has remained committed to catalysing social transformation by creating inclusive opportunities for vulnerable and marginalized communities while building strong partnerships for sustainable development across India.

Vision

To catalyse societal transformation through inclusive initiatives, fostering a world where every individual thrives with dignity and opportunity.

Mission

ASMITE FOUNDATION commits to catalysing sustainable change. With a focus on fostering potential, promoting equality, providing opportunities, and propelling growth, the organization strives to create a brighter tomorrow for all.

GOVERNANCE AND ACCOUNTABILITY

ASMITE FOUNDATION remains committed to transparency, accountability, and ethical governance. The organization has adopted comprehensive institutional policies including:

- **Governance Policy**
- **HR Policy**
- **Financial Management Policy**
- **Child Protection Policy**
- **Gender Equality and Diversity Policy**
- **Volunteer Management Policy**
- **Anti-Fraud and Corruption Policy**
- **POSH Policy**
- **Partnership and Collaboration Policy**

HEALTH CARE INITIATIVE 2025–2026

During the financial year 2025–2026, ASMITE FOUNDATION implemented an extensive Cancer Prevention and Tobacco Control Programme across Uttara Kannada and neighbouring districts of Karnataka.

The programme was designed to improve access to preventive healthcare services, strengthen community awareness regarding cancer prevention, and encourage behavioural change towards tobacco-free living.

The initiative primarily focused on:

- **Early detection of Oral Cancer**
- **Breast Cancer Screening**
- **Cervical Cancer Screening**
- **Tobacco Prevention**
- **Tobacco Cessation Counselling**
- **Community Health Awareness**
- **Women's Preventive Healthcare**
- **Youth Health Education**

These programmes were implemented in collaboration with local communities, educational institutions, Gram Panchayats, healthcare facilities, and community volunteers.

The programme received valuable technical and implementation support from Indian Cancer Society, Bangalore.

PROGRAMME IMPLEMENTATION

Throughout the year, ASMITE FOUNDATION organized large-scale community outreach programmes covering rural villages, urban settlements, educational institutions, government offices, and public health facilities.

- **Community Cancer Screening Camps**
- **Oral Cancer Screening**
- **Clinical Breast Examinations**
- **Pap Smear/LBC Testing**
- **Anti-Tobacco Awareness Campaigns**
- **Tribble Study Visit**
- **Tobacco Cessation Counselling**
- **Community Health Awareness Meetings**
- **School and College Health Education Sessions**

Special emphasis was given to reaching women, youth, frontline workers, teachers, Anganwadi staff, healthcare personnel, and socially vulnerable populations.

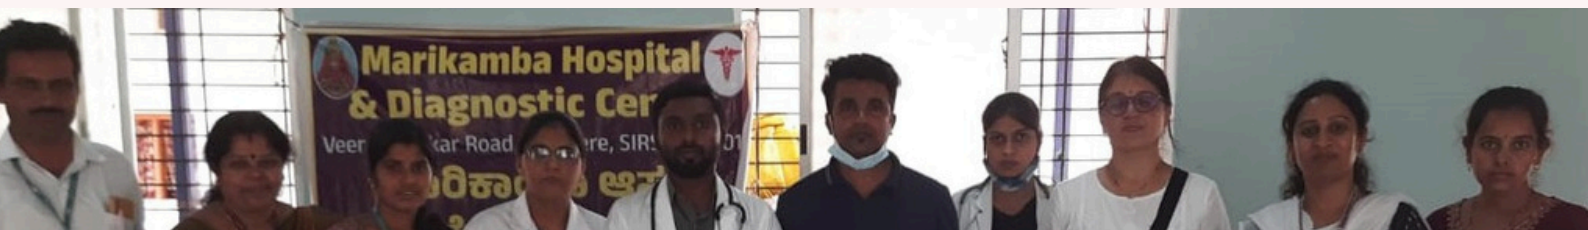

The programmes promoted early diagnosis, timely referral, preventive healthcare, and healthy lifestyle practices among community members.

ANNUAL PROGRAMME ACHIEVEMENTS

During the reporting period, the Foundation achieved significant milestones in preventive healthcare.

Programme Indicator	Achievement
Tribal Communities visit Participants	110
Cancer Screening Camps Conducted	36
Anti-Tobacco Awareness Programmes	24
Total Cancer Screening Beneficiaries	2,210
Oral Cancer Screenings	2,094
Clinical Breast Examinations	1,173
Pap Smear/LBC Tests	613
Oral Suspected Cases Identified	11
Breast Suspected Cases Identified	64
Participants in Awareness Programmes	2,499

IMPACT CREATED

The Cancer Prevention and Health Awareness Programme created measurable improvements in community health awareness, preventive healthcare practices, and community participation across rural, tribal, and underserved regions. Through systematic outreach and collaborative efforts, ASMITE FOUNDATION strengthened access to essential health services while promoting healthier lifestyles and early disease prevention.

Early Detection

Regular screening camps enabled early identification of suspected oral and breast cancer cases, allowing beneficiaries to seek timely medical consultation and treatment.

Improved Women's Healthcare

Clinical Breast Examinations and Pap Smear testing encouraged women to adopt preventive health practices while reducing hesitation towards routine screening.

Tobacco-Free Communities

Awareness programmes conducted in schools, colleges, and villages significantly improved knowledge regarding the harmful effects of tobacco consumption. Tobacco cessation counselling motivated many individuals to initiate healthier lifestyle choices.

Healthcare Accessibility

By organizing camps in rural villages and underserved locations, the Foundation successfully reduced barriers to preventive healthcare services and ensured that quality screening facilities reached communities with limited access.

Youth Engagement

Hundreds of students actively participated in awareness sessions, creating a generation of informed youth committed to promoting tobacco-free environments and healthier communities.

Community Participation

One of the major strengths of the programme was active community participation. Village leaders, Gram Panchayats, educational institutions, healthcare professionals, volunteers, and local organizations played an important role in mobilizing beneficiaries and supporting programme implementation. This collaborative approach enhanced programme effectiveness and strengthened community ownership of preventive healthcare initiatives.
